CONTAINING

An Alphabetically Arranged List of Business Firms and Private Citizens in Fort Wayne—A Miscellaneous Directory of City and County Officers, Public and Private Schools, Churches, Banks, Incorporated Institutions, Secret and Benevolent Societies, Etc., Etc.—A Classified List of all Trades, Professions and Pursuits—A Directory of Allen County.

SOLD ONLY BY SUBSCRIPTION.

VOLUME XXIII.

R. L. Polk & Co., Publishers.

33 BASS BLOCK, FORT WAYNE.

Entered according to Act of Congress, in the year 1901, by R. L. POLK & Co., in the office of the Librarian of Congress, at Washington, D. C.

INTRODUCTORY.

The publishers of the Fort Wayne City Directory present to its patrons the annual issue for the first year of the twentieth century.

In a broader sense than most will imagine the Directory is the history of Fort Wayne. If the historian had no other data he could write the commercial and industrial development of the city.

The Directory of 1901 contains 23,392 names, compared with 20,823 in 1900, a gain of 2,569. The method used by all Directory publishers is to multiply each name by 2 3-4. On account of the large number of young people in Fort Wayne employed at knitting mills, waist factories, etc., we multiply this year by 2 1-4, which gives us a population of 52,632. The United States census gives Fort Wayne a population considerably under the estimate of the Directory, nevertheless we are confident that our estimate is nearer the population of Fort Wayne to-day than is the count of the census bureau.

The pages devoted to the alphabetical part of the Directory contain 731, 74 pages more than the Directory of last year. While the county directory, to which we have devoted considerable care and time, contains 67 extra pages, we not only give a list of farmers this year, but every person in the townships which the free rural delivery of mails embraces.

We wish to draw attention to our list of "Too Lates," which contains a number of names of persons who have changed their residence or come into the city since the earlier forms of the Directory were printed.

Thanking our patrons for their liberal patronage and the courtesy with which they have treated our employes while engaged in the work of collecting information, we are

Respectfully,

R. L. POLK & CO.

MAGNETIC MINERAL WELL SANITARIUM.

D. W. GULICK, PROP'R., FORT WAYNE, IND.

HE SANITARIUM is pleasantly located on Home Street, at the east end of the city, and is fast gaining prominence among the sanitariums and health resorts of America through its famous *Magnetic Mineral Well.* By using this water, a natural medicine which has been brewing through countless ages, in Nature's laboratory, deep in the bowels of old Mother Earth, we may dispense with poisonous drugs, and restore the natural functions of the over-worked and worn out stomachs, livers, kidneys, skin and nerves, and bring again the bloom of ruddy health to the cheek of man and womankind.

Coming from a depth of nearly one-third of a mile through a solid rock, as does this water, it is absolutely free from deleterious substances, decaying organic, vegetable and animal matter, drainage, sewerage, disease germs, etc., that can and do contaminate all surface water from springs, streams and shallow wells, so that we have not only the BEST but the PUREST water on earth.

This water has long been used by the patients at the Sanitarium, and the people of Fort Wayne, Ind., and vicinity, with excellent results, both externally, in baths, and by internal administration, and it has produced some remarkable results in the alleviation and cure of various forms of acute and chronic stomach, liver and kidney troubles, rheumatism, nervous and skin diseases, due to a sluggish condition of the glandular system, inactive skin, and acid states of the blood, fermentation in the gastro-intestinal canal and faulty conditions of the genito-urinary system.

This magnetic mineral water, taken after meals, relieves any distress caused by over eating, indigestion, dpspepsia, sour stomach, water brash, heart burn, bloating or colic.

If you are sick, and tired of taking strong alcoholic medicines, and want to get well, try one of Nature's own remedies, and use the wonderful Magnetic Mineral Well Water, from the Abbott Magnetic Mineral Well Sanitarium.

ADVANTAGES OF OUR SYSTEM

Perpetual

Dispenses with the annual transfer of ledgers. Once opened no further extra labor of the bookkeeper is required.

All Items of an Account

Are kept together, no matter what length of time the account covers, or how active it may be.

Live Accounts Only

Are retained in the Current Ledger. All filled leaves and closed accounts are filed in Transfer Ledger.

Quick Reference

The index being distributed through the book admits of locating the accounts much more rapidly. No separate index necessary.

Saves Time Posting and Balancing

As only open accounts are dealt with, and these are all properly arranged and their position is always the same.

Arrangement of Accounts

Can be had as to locality, by states or salesman's territory, in alphabetical order, as to time of opening, or activity.

No Spacing Necessary

Each account is given a separate leaf. Active accounts can therefore have unlimited space.

Less Liability for Error

Accounts are more surely located, and with one account on each leaf the proper space is readily found.

Expansive

It admits of insertion of new accounts from time to time in proper place without disturbing any other.

Easily Handled

As both sides of the leaf are used for each account, a much smaller sized book can be used.

Facility

One or a dozen persons can work on the books at one time in taking off statements or posting or balancing.

Convenience

Of having a customer's account all together, saving time of bookkeeper looking through a lot of old ledgers.

Simplicity

A trial balance is more readily taken off. Tabulation or abstract is simplified and systematized.

Adaptability

Any business of any size, or any sudden change in activity, as well as any arrangement necessary, can be accommodated.

Economy

In every case it costs far less in the long run — less in material, less in time, less in labor.

OVER 12,000 BOOKKEEPERS NOW USING OUR LEDGERS TESTIFY TO THESE POINTS OF SUPERIORITY
